I am aware that during a routine dental cleaning that extractions may be necessary for the health of my pet. Simple extractions will be performed at an additional cost (\$5 to \$50). If there are any **extensive** procedures that will exceed additional cost of \$50:

Proceed with procedure

Contact me before any extensive procedures are performed at _____
If we are unable to contact you: I am aware that my pet will not receive the recommended care.

Pre-Anesthetic blood work is important to make sure your pet is healthy enough for anesthesia. Although blood profiles can identify potential anesthetic risks, it is important to realize it does not guarantee the absence of complications.

Please select from the pre-anesthetic blood work options below:

\$52.10 GOOD Healthy pets up to 4 years of age (Abaxis Prep Panel/PCV #2079)

CRE /CREA/BUN (kidneys) ALKP/ALT (liver) Glucose (sugar)
Total Protein (healing ability, hydration) PCV (anemia)

\$85.70 BETTER Healthy pets 4-8 years of age (Abaxis Prep/CBC #1835)

CRE /CREA (kidneys) ALKP/ALT (liver) Glucose (sugar)
Total Protein (healing ability, hydration) CBC (anemia, infection, clotting cells)

\$108.35 BEST Senior Pets (8 and older) or sick patients (Abaxis Compreh/CBC #1834)

This panel includes a more comprehensive look at the internal organ function
(liver/ kidney/ pancreas) as well as a white and red blood cell count.

I decline the recommended blood work at this time and understand the risks associated with proceeding with anesthesia.

Please check all the options below you would like for your pet.

\$48.65 Canine Heartworm Test

\$45.10 Feline FELV/FIV Test (Feline Leukemia & Feline Immunodeficiency Virus)

\$14.35 Nail Trim (while under anesthesia)

Update Annual Vaccines

Medication preference (if available): oral medication one-time injection (antibiotic only)

Please perform the recommended dental cleaning and any other procedures indicated above. I am aware that dental patients are generally prescribed an antibiotic and/or pain medication as the veterinarian deems necessary. I understand that anesthesia involves some minimal risk to my pet. The Animal Hospital of Wilkes, P.A. will use all reasonable precautions against injury, escape, or death of my pet and the hospital will not be held liable or responsible in any manner.
